## Report of Warness program of world Environemntal Day

A day before of World Environmental Day, Uttar Pradesh Rajshri Tondon Open University has celebrated World Environmental Day on 04 June 2022 at 10.30 AM in the Campus. This program was presided over by Professor Seema Singh, Hon'ble Vice Chancellor, Uttar Pradesh Rajshri Tondon Open University, Prayagraj.

Presinding over the progam, Professor Seema Singh said that all of us should be committed to protect the environment. She appleaed to the people that wherever we live, keep the environment aroud us clean and safe, so that we can avoid various types of disease, as well as save our nature. Inaddition, she said that there should be a big contribution of the staff, teachers and students in keeping the campus is clean and tidy. On theis occasion, she planted different types of plant in admintrative campus of UPRTOU so that our environment is safe. She also emphasized on clean environment green environment.

Prof. Seema Singh said that feeding the birds is our traditional values which we all should regularly do so that she gives special attention on bird conservation and kept earthpot for feeding material and water for birds.

Prof. Ashutosh Gupta, Director School of Sciences and coordinator of this program said that this awareness program is celebrated under this year's globe them "Only One Earth" in harmony with nature and sustainable development. He said we should do and act on environmental conservation so that day to day change in our environment can be reduced, that will be able to get rid of serious problem like pollution, climate change, globe warming and ozone depletion.

*Welcomig with bouquet and inviting the Vice Chancellor prof Seema singh by Director and Faculty of School of Sciences*

Dr. Shruti, Associate professor, School of Science and convener of this program said that the earth gives us everything, so today we have a keep sense that we should protect our earth by protecting the environment.

Convener of program Dr. Dinesh Kumar Gupta, Assistant Professor, School of Science, said it is very important to save the environment because if the environment is safe than the life is safe, he said that we have to keep the environment around us green and clean by more plantation. He emphasized on tree plantation.

*Hon'ble vice Chancello, teachers and employees participated in this environmental awareness program*

Organizing Secretary Dr. Dharmveer Singh, Assistant professor, School of science said that by making small changes in our daily life such as we do not use plastic, excessive water, if possible, we should use public conveyance instead of personal conveyance, so that soil, water and air pollution is avoided.

In this environmental awareness program, Prof. P.K. Dubey, Registrar UPRTOU, and Prof. Ashutosh Gupta, Director of Science and coordinator of this program also planted tree. Apart from that, the Directors and professors of other schools have also take part in plantation program. In addition, all the teaching and nonteaching staff of the university actively participated in this environmental awareness program and took a pledge to protect the environment. Refreshment was also arranged for the people participating in this program.

Under this program, the following works were taken out.

- Environmental awareness rally taken out
- Shami plant was planted in the temple premises
- Plantation of Parijat sapling was done in the administrative premises
- Plantation of Burgad, Pakad and Parijate sapling was also done in Ganga, Saraswati, and Temple premises.
- For birds kept feeding material and water in Saraswati and Mandir premises
